# *Collectables Specialty Care*

**C**ollectable dolls can be both valuable and sentimental and deserve only the best of care when damaged. FRSTeam by West Covina Cleaners has developed proprietary treatments to restore dolls and stuffed animals of all types.

Our cleaning technicians specialize in stain, mold, mildew, and odor removal and we have a professional doll maker with over 20 years of experience, who assists with basic repairs from every day wear and tear to major reconstruction caused by fire and water damage. (*See the before and after pictures on the next 2 pages of a doll almost destroyed in a fire.*)

Whether the doll is comprised of vinyl, composition, cloth or a combination, upon careful inspection, our team of restoration experts will be able to determine if the doll can be restored.

## *FRSTeam offers the following doll and stuffed toy repairs:*

- 1) Restring elastic cord to connect head, arms, and legs within the body cavity
- 2) Repair or replace cloth bodies and clothing, whether they are sewn, crocheted, or knitted
- 3) Embroidery detail
- 4) Replace hair
- 5) For vinyl doll faces, paint touch-ups
- 6) Re-stuff cloth dolls and stuffed animals including beanies

## *Our cleaning technicians offer the following services:*

- 1) Detail cleaning of vinyl and cloth bodies
- 2) Odor removal from smoke, mold, mildew, and more
- 3) General stain removal
- 4) Restore fabric color and whitening
